# Pledge

Child's name:

\_\_\_\_\_

Date of Birth: 20 / / ( years old)

\_\_\_\_\_

If you are admitted to the kindergarten, you will comply with your childcare philosophy and the rules of the kindergarten and assume your responsibilities as a parent.

- 1) In order to nurture the physical and mental health of children and cultivate the foundation for their future ability to live, families will constantly exchange information with our kindergarten and cooperate in education.
- 2) In the event of an unforeseen accident or sudden illness in the kindergarten and the school determines that emergency response is necessary, the child will be transported to an appropriate medical institution, such as calling an ambulance, in addition to notifying the parents.
- 3) If it is determined that a child needs a detailed examination or special support based on the results of a health checkup or the state of daily childcare, we will endeavor to actively conduct an interview with a nursery school doctor or receive a request to a specialized organization.
- 4) We will not engage in any act that disrupts the operational order of the school's business, such as unfair slander against our faculty and staff or troubles with parents.
- 5) The fees collected by the kindergarten will be paid within the deadline.

I pledge as a guardian regarding the above matters.
